### SUPERINTENDENT'S REPORT

*To the School Board and Citizens of Bartlett:*

The school board and superintendent feel that we were fortunate in securing the services of Mr. Lorne B. Hulsman as headmaster of our high school. There has been a marked improvement in attendance, interest and in school morale which is very gratifying. The addition of the third teacher has been justified and the enrichment of the course of study especially in its offering in science has increased the interest of pupils in the school.

We have received as gifts from Mr. C. I. Nash and the dissolved Livermore school district an excellent piano, a large school library and the joint use with other schools of a motion picture machine and of a post card projector. These gifts are thoroughly appreciated.

On another page the school board presents its estimated budget of school expenditure for next year. It

has been carefully made on the basis of experience and is as exact an estimate as one can make for a school year that ends June 30, 1937.

The only item that requires explanation is the expense for transportation. This amount based on this year's experience totals \$2195.00. As our conveyances serve both high school and elementary pupils, the division of the expense between high and elementary schools has to be determined more or less arbitrarily. We have in our proposed budget charged \$1350 as elementary and \$845 as high school expense. We do not know whether or not in the distribution of state aid we shall be allowed as much as \$1350 in our approved budget, but as a matter of raising money in school meeting it makes no difference. Any difference between the allowance of the state board on this item and \$845 raised for high school transportation, would need to be added to the amount raised for high school transportation.

The amount to be raised under article six as recommended by the school board is \$14,651.00. Expense of high school transportation, alterations and major repairs, insurance and large items of new equipment must be raised under the appropriate articles of the school meeting warrant.

I wish to express my thanks to the school officials, teachers, parents and citizens who have shown a fine spirit of cooperation.

JOHN H. FULLER,  
Superintendent.

Feb. 15, 1936.
